INSTANT MONEY™ BULK PAYMENTS

Do your employees still deal with physical cash? Do they worry about having money on the premises to pay seasonal employees, casual workers, cash suppliers, petty cash floats and other cash allowances?

Bulk payments is the solution they need to live in a cash-free environment. Employees only need a valid cellphone number to get their voucher; they can also choose to store their money securely in an **INSTANT MONEY™** Wallet.

Benefits of **INSTANT MONEY™** **BULK PAYMENTS**

Easier payments: Pay directly from your business account to a cellphone number. You can capture recipient details individually or in bulk by uploading a spreadsheet.

Stay in control: Define approvals and levels of authority for captured payments. You can further track **INSTANT MONEY™ BULK PAYMENTS** through system-generated reports.

Stronger security: Fewer of your employees will handle cash or leave your premises with cash in hand.

Pay employees directly: Employees receive their voucher directly via their valid cellphone numbers.

No set-up costs.
