Our 2025 annual pricing review

Elevate your business with comprehensive and integrated payment solutions

Commerce is getting smarter, and your business should too. Streamline operations and simplify customer payments with secure, integrated, and comprehensive payment solutions that make both online and in-store transactions easier than ever.

For 2025, all existing merchants will continue to enjoy the terminal rental fees they were paying in 2024.

Fees

*Fees effective from 1 January 2025 are inclusive of VAT. | Administration / Installation fee will no longer be charged for new signups. | All standalone devices include communication and a separate agreement with communication provider is not needed. | Commission fees are negotiable and dependent on each client's profile.

Cashback at POS

Cashback at POS is a convenient and safe value-added product on your POS device that enables your customers to withdraw cash directly from the POS device. Cashback is suitable for businesses operating in areas where ATMs are not readily available, providing a secure and convenient value-added service to enhance customer support and boost client satisfaction.

Merchant Online**

Our free self-service online platform that aims to make your life easier by bringing together all the useful merchant tools, into one place. Merchant Online is an administration and reconciliation tool allowing you to view daily sales transactions and batches, download statements and generate reports. You can also gain insights into your customer behaviour with Customer View, an analytics tool that will assist you in making effective business decisions to increase your sales turnover. Additionally, from Merchant Online you can also digitally apply for an additional device, order tally rolls, send queries directly to the bank, access useful user-guides, manuals, FAQs and so much more!

PCI DSS portal

We offer an online PCI DSS portal that is accessible via Merchant Online. Using the PCI DSS portal will help you understand your obligations and regulatory requirements in terms of PCI DSS, as well as your commitment to protect customers' card data and curb fraud. Compliance with PCI DSS is a mandatory obligation and the portal helps you avoid reputational damage, fines and penalties, and can prevent potential financial loss.
