

Internet Banking How-To Guide

Register as a New User for Online Banking

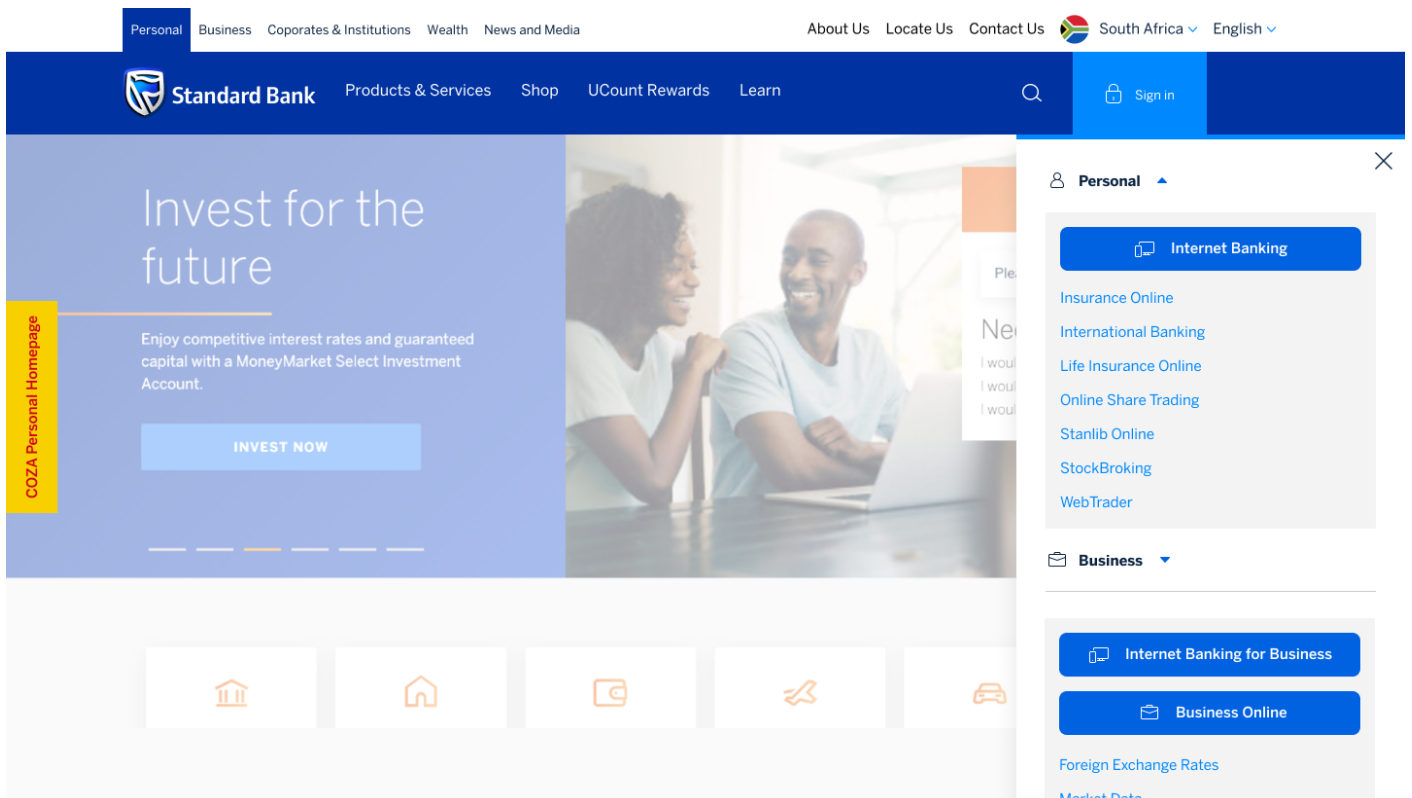

1 Always access the Standard Bank website from your browser:

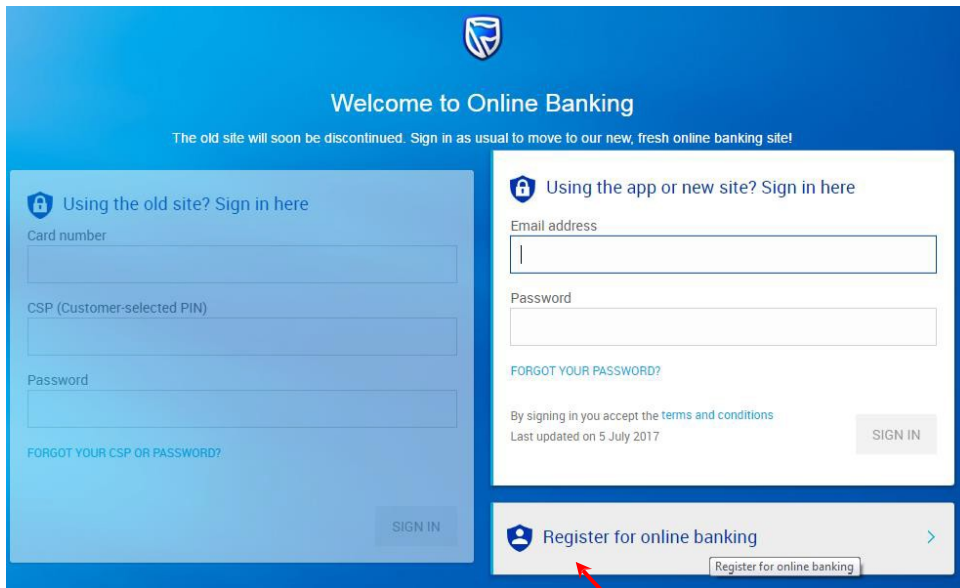

2 On the website home page, select the “Internet Banking” option to open the Internet Banking site:

3 The Internet Banking site login page will open. Be sure to verify the web address:

4 Select the “Register for online banking” button:

5 On the next page, “Getting Started”, setup your new user profile by capturing the following:

Capture your email address (this can be any of your current email addresses) 6

Capture your profile password (be sure to adhere to the password rules provided) 7

Capture your preferred name. This appears on your profile menu. Please do not use any spaces nor any special characters. 8

Click to view the terms and conditions, and then click the checkbox to accept them. 9

Once all information has been captured, the REGISTER NOW button appears. Select this to continue. 10
